*Peter's family would like to thank you
all for your support during this time.*

One of the world's true gentlemen, Peter's friendship, inspiration and remarkable career touched the lives of many people. His wonderful legacy includes his three children, Richard Lazar, Diana Forrester and Andrew Lazar, a step daughter, ten grandchildren, two step grandchildren, ten great grandchildren and three remarkable life partners.

He was greatly loved and will be deeply missed.

Peter was a phenomenal communicator, an enormous giver of his time, a deep thinker, and a very creative person who worked for and successfully achieved positive change across a broad cross section of business and society. His dedication to community work and a brighter future for our world was widely recognised.

In 2007 he was awarded a Member of the Order of Australia medal for service to business, to communication and to the community through aged care, health, cultural and social welfare organisations.
